Inspiring new ways
GROWING INFRASTRUCTURE BASE – There is an existing base to support a diversified economy and spatial transformation investments to grow the infrastructure base.

HOT EMERGING MARKET - Growing Middle Class, Affluent Consumer Base, Excellent returns on investment.

GLOBAL COST ADVANTAGE WHEN COMPARED TO PEERS – Gauteng is comparatively cheaper when it comes to land and labour.

INSTITUTIONAL BASE FOR GOVERNANCE – Gauteng is home to established judicial and regulatory institutions, the largest stock exchange in Africa and the African headquarters for large multinational companies. The province has received global recognition for sound corporate governance.

ESTABLISHED SECTORS – Gauteng has a number of established sectors (i.e. Auto Finance, BPO, Manufacturing, Mineral beneficiation, Agro-processing and Tourism) that offer economies of scale and related services.

FAVOURABLE ACCESS TO AFRICAN MARKETS - Advantage of close proximity to Southern African countries and established infrastructure. The African Continental Free Trade Area (AfCFTA) will boost intra-Africa trade and create a bigger market of over 1 billion people with a GDP of $2.6 trillion that will unlock industrial development.
10 high-growth sectors:

- Green Energy
- Transportation & logistics
- ICT and digital services
- Tourism and hospitality
- Agro-processing & Cannabis industry
- Construction & infrastructure
- Automotive, Aerospace & Defense
- Financial services
- Pharma, Biomedical & medical devices
The GGDA is endowed with subsidiaries that strategically drive growth in identified sectors.

- The AIDC manages the Automotive Supplier Park (ASP) and provides services to the automotive sector and the automotive original equipment manufacturers (OEMs). AIDC provides assistance through automotive investment facilitation, skills development and training, incubation programmes and supply chain development.

- The Innovation Hub is the first Science and Technology Park (STP) by international standards in Southern Africa-established with a view to spurring the development of smart industries (high-technology sectors) in Gauteng. TIH’s role in the provincial innovation ecosystem is to be a catalyst for innovation and a key knowledge economy driver, in line with the Gauteng Growth and Development Strategy.

- The core purpose of ConHill is to add to the rejuvenation of the Johannesburg Inner City through the development and promotion of the ConHill Heritage Project.

- Additionally, the OR Tambo SEZ which is set up around the OR Tambo precinct, was established to support industrial development in Gauteng Province with specific focus on mineral beneficiation and export-oriented, value-added industry, concentrated around OR Tambo International Airport, in Ekurhuleni.

- The Vaal SEZ is established to develop a multi-sector, multi-site Special Economic Zone (SEZ) in the Vaal Region (Sedibeng District) with the aim to regenerate the area, support new economic activity, and build on the historic competitive strengths and skills base of the area.

- The WestRand SEZ In the context of declining mining output, the Gauteng Provincial Government intends to establish a multi-sectoral and multi-site West Rand SEZ to diversify the economy of West Rand.
Trade & Investment Regulatory Enablement (TIRE)

GGDA actively promotes the province’s trade and investment promotion activities locally and internationally. The sub-programmes has the following functional areas:

1. **Trade Promotion**
   - Export development & Export Promotion

2. **Investment Promotion**
   - Investment Development and Identification,
   - Investment Facilitation,
   - Business Expansion, Retention, and Aftercare.

3. **Invest SA Gauteng One Stop Shop**
   - Operates as the front office of TIRE activities

The objectives of the sub-programme are to:

- Facilitate industry development programmes to grow key identified sectors
- Facilitate investment that supports modernization and re-industrialization of Gauteng’s economy.
- Increased global trade activities from Gauteng

TIRE focuses on the implementation of the Trade and Investment Strategy as well as improving its approach to African markets and taking a lead in Africa’s re-industrialization. These interventions seek to improve and position Gauteng as a strategic trade partner within the continent. Strategic Partners such as foreign missions, business chambers are a vital part of this approach.
PURPOSE OF TRADE & INVESTMENT (continued)

- Business Intelligence
  - Investment Attraction
  - Investment Facilitation
  - Business Retention and Expansion
  - Trade Facilitation
  - FDI & DDI investment
  - Fast-tracking & red-tape
  - Expansions & Retention
  - Export Training & Increase in Exports

FIVE DEVELOPMENT CORRIDORS OF GCR AND SEZ

FIVE DEVELOPMENT CORRIDORS OF THE GAUTENG CITY REGION

**West Rand SEZ** – SEZ designation expected end 2023. Agro-processing and Green Energy

**ORT SEZ** – Targeting Logistics and high value low mass manufacturing. Attracting medical devices companies into precinct 2

**Northern SEZ (TASEZ)** – Targeting Automotive Sector. Anchor Tenant – Ford

**Vaal SEZ** - Targeting green energy, Agro processing, logistics and cannabis
The Gauteng Industrial Development Zone (GIDZ) was established to support industrial development in Gauteng Province with specific focus on export-oriented, value-added industry, concentrated around OR Tambo International Airport, in Ekurhuleni Metro. The value proposition of OR Tambo is centered around OR Tambo International, Africa’s largest airport with the capacity to handle 400,000 tonnes of cargo and over 25 regional and international flights on a daily basis.

**THE OR TAMBO SEZ VALUE PROPOSITION**

- Located on the doorstep of OR Tambo International Airport, South Africa’s flagship Airport, with the capacity to handle 35m passengers;
- At the centre of Africa’s first real Aerotropolis;
- In the heart of South Africa’s industrial hub where 8% of the country’s GDP is from; and
- Easily accessed via rail transit (the Gau-Train, Africa’s first high speed train connects the Zone to Sandton, Africa’s financial district) and an extensive road network.
VAAL SEZ PRIORITY INVESTMENT AREAS

- End-to-end **hydrogen value chain** investment opportunities
- Localisation of the manufacturing of **renewable energy components**
- Agrivoltaics
- Microgrid Systems
- New Energy Vehicles
- Battery Energy Storage Systems
- Blue Economy
- Agro-processing (including medical cannabis)
- Aviation
- Defence
- Logistics
WestRand SEZ

Focuses on agro-processing and will provide infrastructure as well as a marketplace for increasing Gauteng’s position as an investment destination of choice in the sector.

- Bus manufacturing, including components
- Solar farm
- Agro-processing
- Hemp/Cannabis processing
- Green hydrogen
- Biogas (linking to agro-processing waste)
- Large scale agricultural and dairy farming
- Light bulb manufacturing
Infrastructure funding: With the support of the dti SEZ fund, designated SEZs can apply for grant infrastructure funding for the development of bulk and top structure, resulting in lower rental rates being offered to the market.

Duty-free imports of raw materials or equipment utilised for production in the Zone.

Tax deductions of up to ZAR900m in respect of projects above ZAR200m.

A lower corporate tax of 15% vis-à-vis the standard 28% is proposed for companies housed within the SEZ.

Exemption from Value Added Tax for goods produced in the Zone for export.

All employers operating in a designated SEZ are entitled to access the employment tax incentive, assisting to reduce the employer’s cost through a cost sharing mechanism with government.

Provision of working capital loans through a metals financing scheme.

Businesses operating within approved SEZs will be eligible for an accelerated depreciation allowance on capital structures (buildings) at a rate equal 10 per cent per annum over 10 years.
