

Official Invitation for the International event
“Cooperate with Ukraine: medical sector and pharma industry”
Online meeting – 7 June 2022

The **Enterprise Europe Network Ukraine**, as part of the biggest European business and innovation support network created by the European Commission and the **European Cluster collaboration platform**, invites you to the online international event “Cooperate with Ukraine: medical sector and pharma industry”. This event will gather state organizations, hospitals, foundation/funds, and SMEs working in the field of medical sector and pharma industry in Ukraine and Europe.

The main goal of the event is to increase cooperation between the medical and pharma sector industry in Europe and Ukraine and to gather representatives of different state organizations, international foundations and representatives of European and Ukrainian SMEs in order to discuss:

- the search for new partners, suppliers, and distributors,
- new trends and challenges faced by Ukrainian SMEs of pharma industry,
- raw materials' supply disruption,
- how to establish better communication and cooperation between different international medical and health care funds, foundations, initiatives and projects,
- pharma industry and hospitals' needs.
- the new rules for importers/exporter of medical devices and medicines,
- opportunities for business development, relocation and renewal of the Ukrainian pharma industry which was damaged during the war,
- develop new channels for logistics and distribution.

The event is focused on:

- Representatives of European and Ukrainian SMEs, state organizations and clusters in the field of medical and pharma industry
- Funds, Foundations, representatives of international companies/corporations, national and international initiatives and projects which already are providing or plan to provide medical support to Ukraine.

If you are interested in taking part in the event, please register by the link:
