

Tradition Reinvented: how clusters lead resilient, innovative shifts towards a climate-neutral, digital future

18 & 19 June 2024 in Graz, Austria

DRAFT AGENDA

Day 1 – Tuesday, 18 June 2024 (CET)

Setting the scene: Tradition Reinvented: how clusters lead resilient, innovative shifts towards a climate-neutral, digital future Master of Ceremony: Teodora Jilkova, ECCP team member Welcome and introduction by the representative of the host Bar Eibinger-Miedl, Regional Minister for Economic Affairs Keynote speech – Hubert Gambs, Deputy Director-General DG GRC Internal Market, Industry, Entrepreneurship and SMEs Introduction to the regional cluster ecosystem of Styria – Presentation of ECCP input paper on Styria Jan-Philipp Kramer, Head of EU Services, Prognos Styria's Cluster Strengths – innovation through tradition / collaboration between science and industry Michael Liebminger, Clustermanager, Styrian Business Development Agency Panel discussion I – strategic approaches – the role of regional clusters in developing resilient ecosystems The discussion will center on strategic and theoretical approaches exploring how clustor aganisations can bolster resilience within regional innovation ecosystems. The aim of panel discussion is to glean insights into how policymakers and regional authorities cempower cluster organisations to become catalysts for resilience-building and adapt Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission representative from AVL List Gmbh Montserrat Daban, President, The Council of European BioRegions		
innovative shifts towards a climate-neutral, digital future Master of Ceremony: Teodora Jilkova, ECCP team member Welcome and introduction by the representative of the host Bar Eibinger-Miedl, Regional Minister for Economic Affairs Keynote speech – Hubert Gambs, Deputy Director-General DG GRC Internal Market, Industry, Entrepreneurship and SMEs Introduction to the regional cluster ecosystem of Styria – Presentation of ECCP input paper on Styria Jan-Philipp Kramer, Head of EU Services, Prognos Styria's Cluster Strengths – innovation through tradition / collaboration between science and industry Michael Liebminger, Clustermanager, Styrian Business Development Agency Panel discussion I – strategic approaches – the role of regional clusters in developing resilient ecosystems The discussion will center on strategic and theoretical approaches exploring how cluster organisations can bolster resilience within regional innovation ecosystems. The aim of panel discussion is to glean insights into how policymakers and regional authorities of empower cluster organisations to become catalysts for resilience-building and adapted Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission representative from AVL List Gmbh Montserrat Daban, President, The Council of European BioRegions (CEBR); Director of Strategic Foresights and International Relations Biocat Thomas Krautzer, Head of Social and Business History Institue,	09:00	Registration of participants and welcome coffee
Eibinger-Miedl, Regional Minister for Economic Affairs Keynote speech -Hubert Gambs, Deputy Director-General DG GRO Internal Market, Industry, Entrepreneurship and SMEs Introduction to the regional cluster ecosystem of Styria - Presentation of ECCP input paper on Styria Jan-Philipp Kramer, Head of EU Services, Prognos Styria's Cluster Strengths - innovation through tradition / collaboration between science and industry Michael Liebminger, Clustermanager, Styrian Business Developmen Agency Panel discussion I - strategic approaches - the role of regional clusters in developing resilient ecosystems The discussion will center on strategic and theoretical approaches exploring how clusters are panel discussion is to glean insights into how policymakers and regional authorities of empower cluster organisations to become catalysts for resilience-building and adapted Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission representative from AVL List Gmbh Montserrat Daban, President, The Council of European BioRegions (CEBR); Director of Strategic Foresights and International Relations Biocat Thomas Krautzer, Head of Social and Business History Institue,	09:30 – 10:00	innovative shifts towards a climate-neutral, digital future
Internal Market, Industry, Entrepreneurship and SMEs Introduction to the regional cluster ecosystem of Styria – Presentation of ECCP input paper on Styria Jan-Philipp Kramer, Head of EU Services, Prognos Styria's Cluster Strengths – innovation through tradition / collaboration between science and industry Michael Liebminger, Clustermanager, Styrian Business Developmed Agency Panel discussion I – strategic approaches – the role of regional clusters in developing resilient ecosystems The discussion will center on strategic and theoretical approaches exploring how cluster organisations can bolster resilience within regional innovation ecosystems. The aim of panel discussion is to glean insights into how policymakers and regional authorities of panel discussion is to glean insights into how policymakers and regional authorities of empower cluster organisations to become catalysts for resilience-building and adapt Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission • representative from AVL List Gmbh • Montserrat Daban, President, The Council of European BioRegions (CEBR); Director of Strategic Foresights and International Relations Biocat • Thomas Krautzer, Head of Social and Business History Institue,		 Welcome and introduction by the representative of the host Barbara Eibinger-Miedl, Regional Minister for Economic Affairs
Dicion – 10:15 ECCP input paper on Styria Jan-Philipp Kramer, Head of EU Services, Prognos Styria's Cluster Strengths – innovation through tradition / collaboration between science and industry Michael Liebminger, Clustermanager, Styrian Business Developme Agency Panel discussion I – strategic approaches – the role of regional clusters in developing resilient ecosystems The discussion will center on strategic and theoretical approaches exploring how clusters or a bolster resilience within regional innovation ecosystems. The aim of panel discussion is to glean insights into how policymakers and regional authorities of empower cluster organisations to become catalysts for resilience-building and adapt Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission Tepresentative from AVL List Gmbh Montserrat Daban, President, The Council of European BioRegions (CEBR); Director of Strategic Foresights and International Relations Biocat Thomas Krautzer, Head of Social and Business History Institue,		Keynote speech – Hubert Gambs, Deputy Director-General DG GROW - Internal Market, Industry, Entrepreneurship and SMEs
Styria's Cluster Strengths – innovation through tradition / collaboration between science and industry Michael Liebminger, Clustermanager, Styrian Business Developme Agency Panel discussion I – strategic approaches – the role of regional clusters in developing resilient ecosystems The discussion will center on strategic and theoretical approaches exploring how cluster organisations can bolster resilience within regional innovation ecosystems. The aim of panel discussion is to glean insights into how policymakers and regional authorities of empower cluster organisations to become catalysts for resilience-building and adapt Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission Tepresentative from AVL List Gmbh Montserrat Daban, President, The Council of European BioRegions (CEBR); Director of Strategic Foresights and International Relations Biocat Thomas Krautzer, Head of Social and Business History Institue,	10:00 – 10:15	Introduction to the regional cluster ecosystem of Styria – Presentation of the ECCP input paper on Styria
between science and industry Michael Liebminger, Clustermanager, Styrian Business Developme Agency Panel discussion I – strategic approaches – the role of regional clusters in developing resilient ecosystems The discussion will center on strategic and theoretical approaches exploring how clustoring organisations can bolster resilience within regional innovation ecosystems. The aim of panel discussion is to glean insights into how policymakers and regional authorities of empower cluster organisations to become catalysts for resilience-building and adapted Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission representative from AVL List Gmbh Montserrat Daban, President, The Council of European BioRegions (CEBR); Director of Strategic Foresights and International Relations Biocat Thomas Krautzer, Head of Social and Business History Institue,		Jan-Philipp Kramer, Head of EU Services, Prognos
Panel discussion I – strategic approaches – the role of regional clusters in developing resilient ecosystems The discussion will center on strategic and theoretical approaches exploring how clustorial organisations can bolster resilience within regional innovation ecosystems. The aim of panel discussion is to glean insights into how policymakers and regional authorities of empower cluster organisations to become catalysts for resilience-building and adapt Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission • representative from AVL List Gmbh • Montserrat Daban, President, The Council of European BioRegions (CEBR); Director of Strategic Foresights and International Relations Biocat • Thomas Krautzer, Head of Social and Business History Institue,	10:15 – 10:30	
developing resilient ecosystems The discussion will center on strategic and theoretical approaches exploring how cluster organisations can bolster resilience within regional innovation ecosystems. The aim of panel discussion is to glean insights into how policymakers and regional authorities of empower cluster organisations to become catalysts for resilience-building and adapt Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission • representative from AVL List Gmbh • Montserrat Daban, President, The Council of European BioRegions (CEBR); Director of Strategic Foresights and International Relations Biocat • Thomas Krautzer, Head of Social and Business History Institue,		 Michael Liebminger, Clustermanager, Styrian Business Development Agency
 Montserrat Daban, President, The Council of European BioRegions (CEBR); Director of Strategic Foresights and International Relations Biocat Thomas Krautzer, Head of Social and Business History Institue, 	10:30– 11:30	The discussion will center on strategic and theoretical approaches exploring how cluster organisations can bolster resilience within regional innovation ecosystems. The aim of the panel discussion is to glean insights into how policymakers and regional authorities can empower cluster organisations to become catalysts for resilience-building and adaptation. Moderator: Mariella Masselink, Head of Unit, Industrial Forum, Alliances,
(CEBR); Director of Strategic Foresights and International Relations Biocat Thomas Krautzer, Head of Social and Business History Institue,		 representative from AVL List Gmbh
		(CEBR); Director of Strategic Foresights and International Relations,
11:30 - 11:45 Coffee Break	11:30 - 11:45	Coffee Break

11:45 – 12:30	Pitching session – interregional cooperation as driver of the twin transition Moderator: Teodora Jilkova, ECCP Team Member company and organisation pitches
12:30 – 13:30	Networking lunch
13:30 – 14:30	B2B meetings organised by the Enterprise Europe Network team of the SFG 20-minute meetings with regional cluster organisations to discuss potential collaborative opportunities
(14:30 – 14:45)	Coffee break*
14:45 – 16:15	Interactive "Impuls Camp" [Barcamp] (emphasis on cross-cluster activities, interregional cluster projects, R&D collaborations with industry and research and alignment with S3 Strategy Themes for a resilient ecosystem) The second discussion will emphasise the practitioner's perspective by inviting cluster managers from both regional and international cluster organisations. Participants become speakers themselves ("The stage is yours") Moderator introduces topic blocks Keynote speakers provide brief input (5 minutes) on selected topics Audience can/must actively participate Questions and comments via microphone from the audience (no Slido) Participation directly on the podium => Presentation of ideas, implemented projects, feedback, etc. Moderator actively engages with the audience to encourage participation Moderator: tbc Bernhard Puttinger, Managing Director of the Green Tech Valley Cluster Lejla Pock, Managing Director of the Silicon Alps Cluster Alexander Pinter, Managing Director of the Holcluster Styria Eberhard Schrempf, Managing Director of Creative Industries Styria Karin Hölbling, Projectmanager ICS Internationalisierungscenter Steiermark representative from of AC Styria Mobilitycluster
16:15 – 16:45	Regional and EU financial instruments and programmes Success Story Spitzen!Leistung 2022+ (ERDF) Michael Kerschbaumer, Senior Consultant R&D&I Head of EEN@SFG, Styrian Business Development Agency
155	 Birgit Weidel, Head of Department "Innovation Ecosystems, SMP/Entrepreneurship and Consumers", EISMEA, European Commission
16:45 – 17:00	Closing remarks and summary of outcomes Day 1 Mariella Masselink, Head of Unit, Industrial Forum, Alliances, Clusters, DG GROW, European Commission Christoph Ludwig, Managing Director of the Styrian Business Development Agency
17:00 – 18:00	Networking Cocktail including B2B meetings organised by the Enterprise Europe Network team of the SFG
from 18:30 onwards	Get together and Networking Dinner

Day 2 – Wednsday, 19 June 2024 (CET)

Site visit

08:30 – 10:00	Graz City Tour
	Site Visit AVL Graz: AVL List GmbH ("AVL") with its headquarters in Graz, is one of the world's leading mobility technology companies for development, simulation and testing in the automotive industry, and in other sectors such as rail, marine, and energy. Based on extensive inhouse research activities, the company delivers concepts, technology solutions, methodologies, and development tools for a greener, safer, better world of mobility and beyond. (90 min) https://www.avl.com/ Life-Science driven
	Tour with 3 Stops:
10:00 - ~13:00	 Biobank tour to one of the world's largest biosample collections at the European and Austrian headquarters of biobanking in Graz at the ZWT – Center for Knowledge & Technology Transfer in Medicine. (45 min) https://en.zwt-graz.at/
	 Uniklinikum Graz - Underground & above ground tour from the tunnel system to the heliport. Enjoy the incredible view of the largest hospital complex in Europe from above and learn facts & figures from the premier Styrian hospital operator. (60 Min) https://www.uniklinikumgraz.at/
	3. Short Stop im ZWT Accelerator (30min) https://en.zwt-graz.at/zwt-accelerator/
after 13:00	Individual Transfer
