Skåne Innovation Strategy For Sustainable Growth

Daniel Kronmann

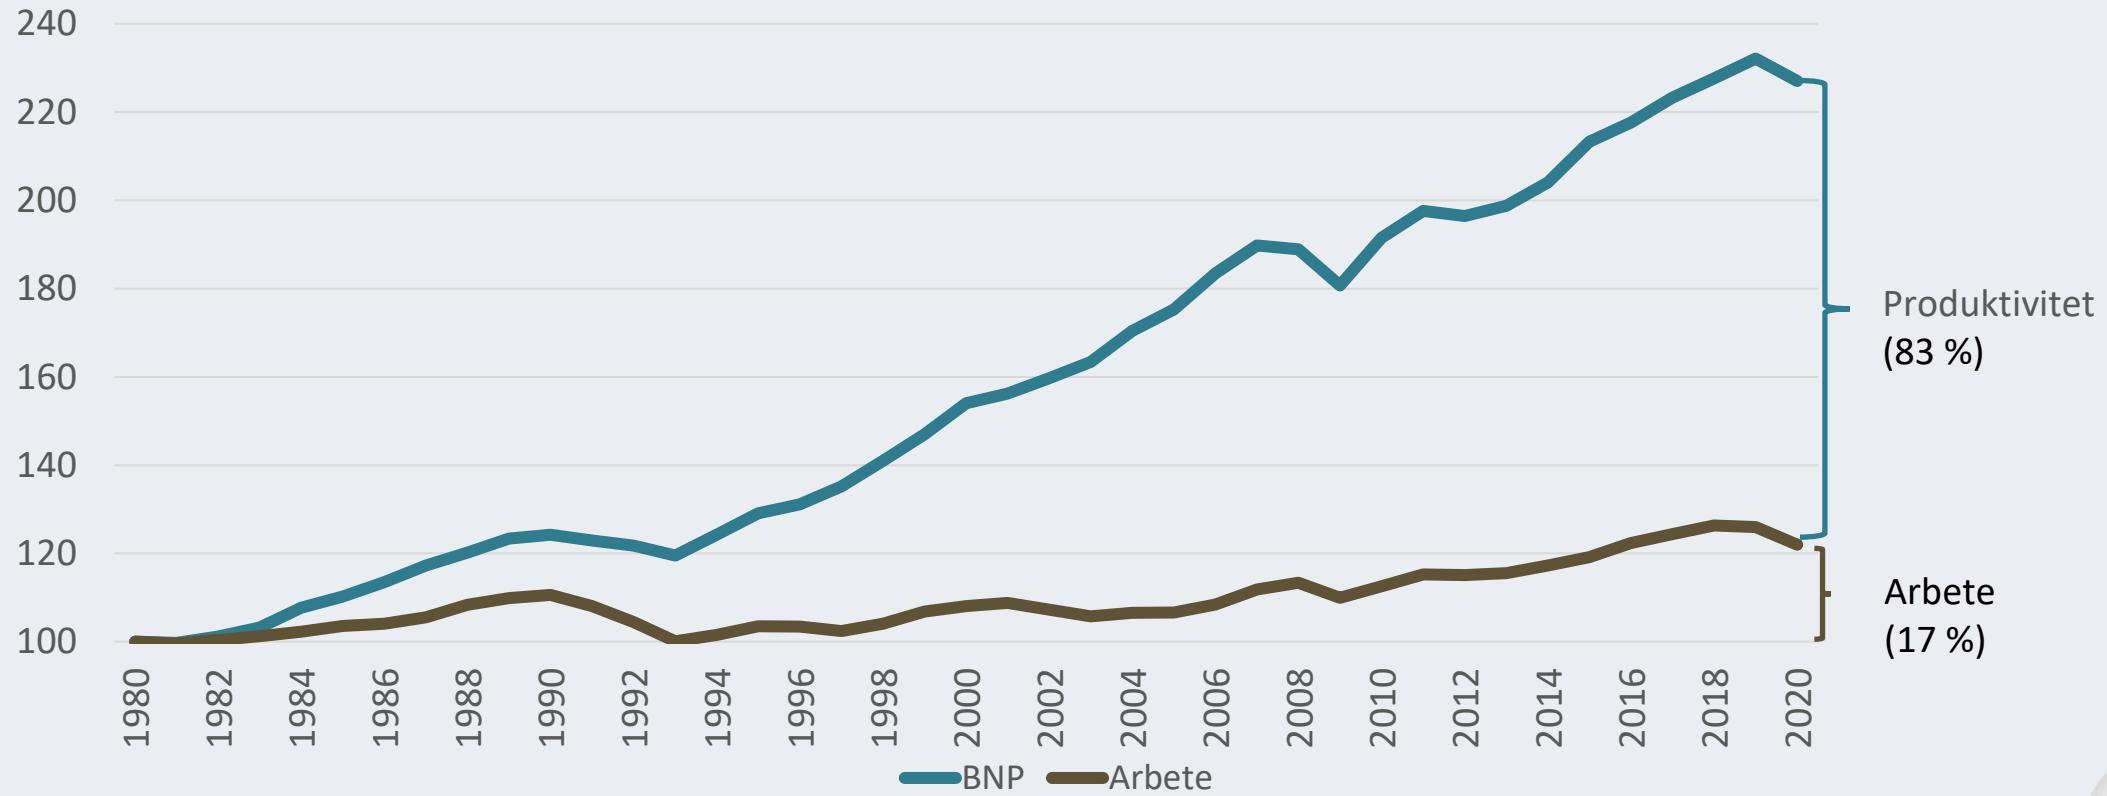

Head of unit, Innovation & entrepreneurship

Region Skåne

Competitive companies: productivity is central

Utveckling av BNP i fasta priser och arbetade timmar, 1980-2020, index (1980 = 100)

Källa: SCB

Smart specialisering

Identify & prioritise areas with potentiality for growth

Joint governing — key stakeholders

Push the development within focus areas

Smart specialisation – Research & Innovation Council, FIRS

CITIES

ADVANCED
MATERIALS &
MANUFACTURING

ESS, MAX IV &
SCIENCE VILLAGE

ADVANCED MATERIAL & MANUFACTURING

Characteristics

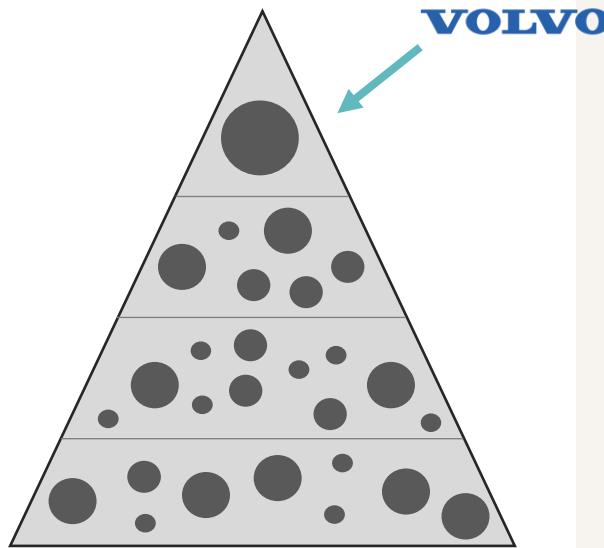

Advanced materials & manufacturing

- 17 700 employees
- Export intense
- Competitive specialisations: packaging, cooling & ventilation technology, chemistry, plastics, rubber
- Strongholds in research, e.g. nanotechnology

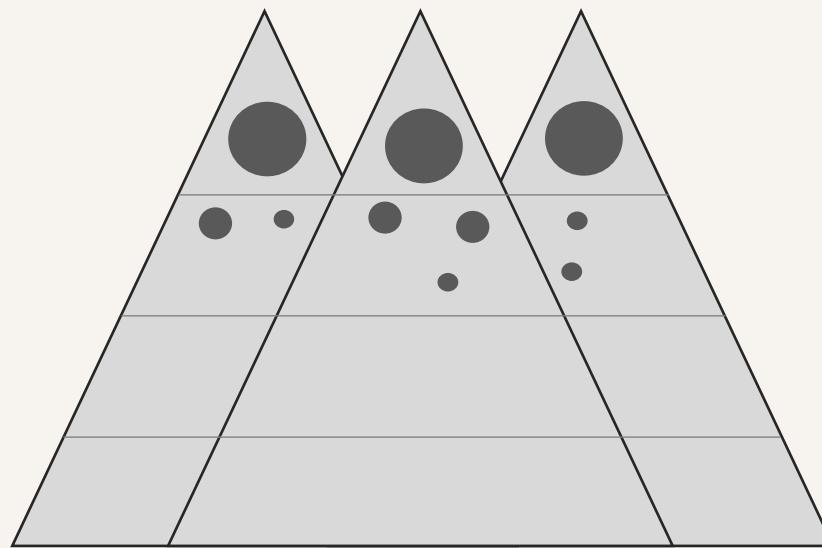

Value Chains

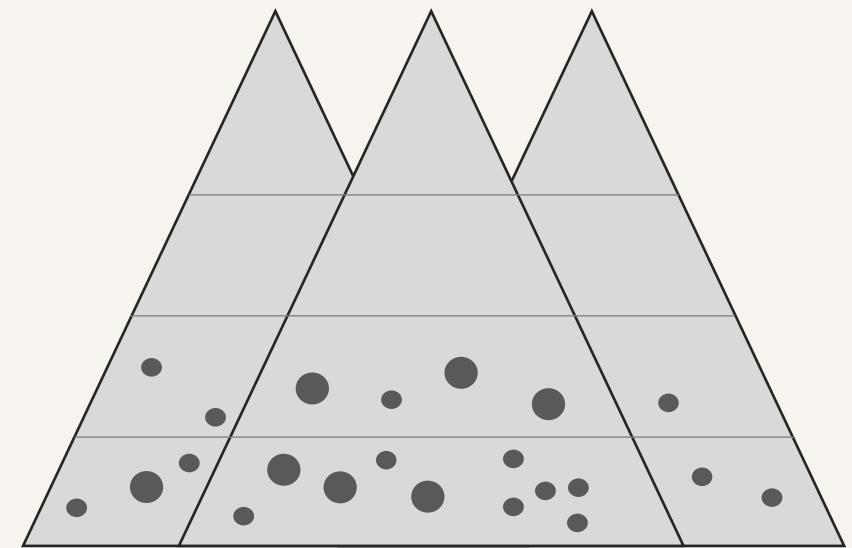

Advanced materials & manufacturing

VÄSTRA GÖTALANDSREGIONEN

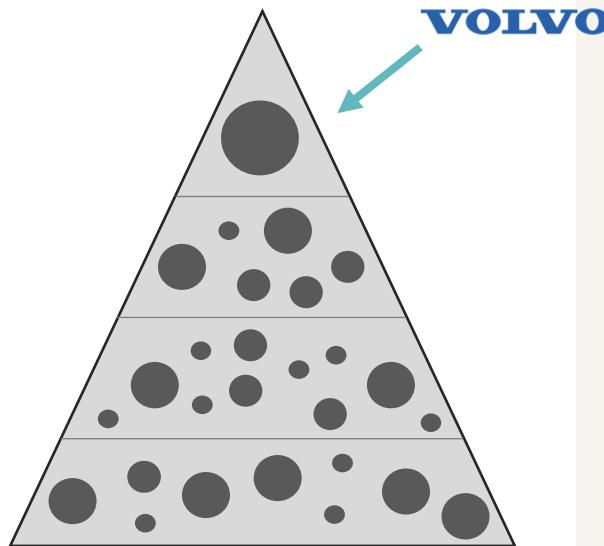

REGION SKÅNE

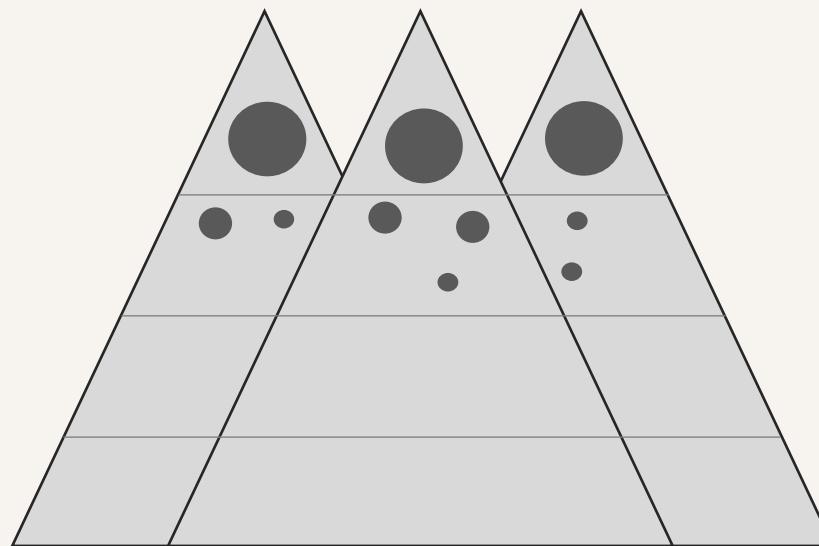

Ecosystem strongholds

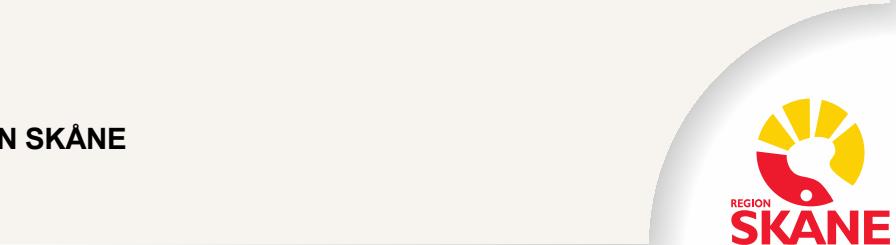

- Intermediaries for SME development
- Global companies
- High level of research and development
- European Spallation Source (ESS) and MAX IV

VÄSTRA GÖTALANDSREGIONEN

REGION SKÅNE

Large companies

Advanced materials & manufacturing

Akzo Nobel - kemikoncern, färg

Alfa Laval - pumpar, ventiler, värmeväxlare och separatorer

BorgWarner – billeverantör

Consafe Logistics – lagerlösningar

Höganäs AB - metallpulver

Kemira kemi - kemi för förpackning, vatten, energi

Perstorp AB – specialkemi

Saab Kockums - varv

Sandvik SRP - krossmaskiner

SWEP international - plattvärmeväxlare

Tetra Pak – förpackning

Trelleborg AB - lösningar som tätar, dämpar och skyddar i krävande industriella miljöer

Bottle-necks for innovation

Advanced materials & manufacturing

- Lack of startups: **long development time and lack of capital**
- Shortage of **local interactions and knowledge exchange** between stakeholders
- **Energy supply** – crucial for the sector
- Traditional **stereotype of manufacturing as "heavy, dark and dirty"** – a challenge of attractivity

Prioritised action – Region Skåne

Advanced materials & manufacturing

1. Create **meetingplaces for knowledge sharing** for large and smaller companies, research and public sector.
2. Improve the ability for small and mid-sized companies to **absorb new knowledge and research**.
3. More ways to introduce **industrial PhD in companies**.
4. **Promote starts-ups**, show intermediaries offering
5. **Show nuances and good cases of manufacturing industry** – an advanced and modern industry for the future
6. Push for the shift towards **more energy sources that are environmentally friendly** to strengthen the energy supply.

Thank you!
