Precarpathian eco-energy
cluster

Ivano-Frankivsk, Ukraine

- ✓ Cooperation for energy efficiency and green innovations
- ✓ Green energy promotion
- ✓ Strategic actions and projects

Social Economy

Precarpathian eco-energy cluster

Iryna Darvai

We are looking for partners in such 3 cooperational areas:

➤ Energy security and energy efficiency (*PL-UA transborder projects, in it Burshtyn+*)

➤ H2 technologies: H2 in liquid carries for storage and transport)

➤ Second-life batteries for balancing the electrical grid

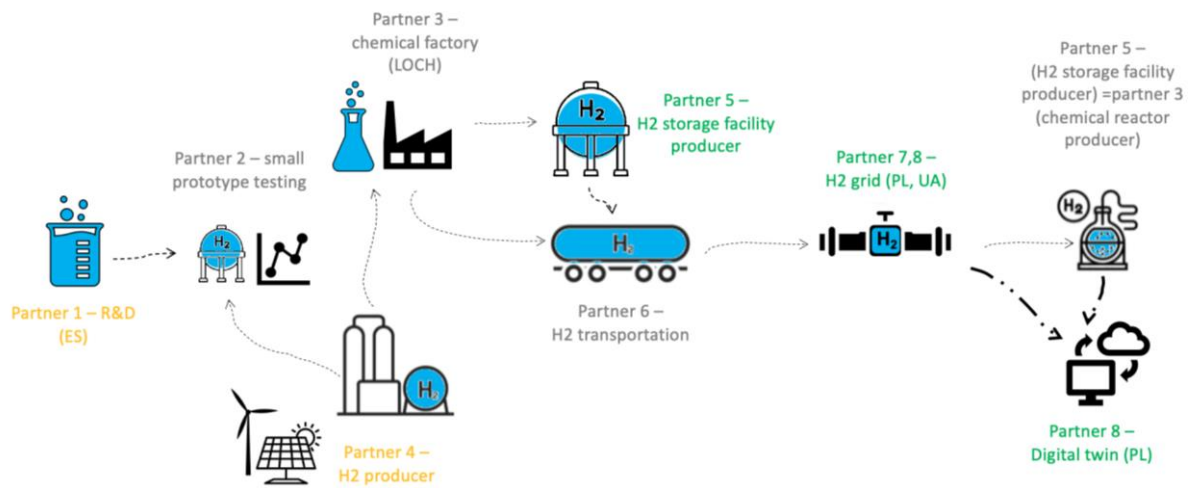

(both for Horizon or EIC Pathfinder applications)

Social Economy

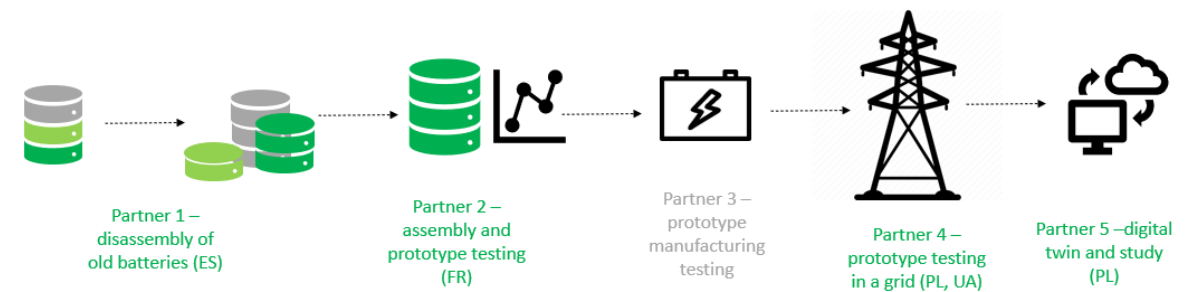

Precarpathian eco-energy cluster

Project 1. Storage and transport of H2 in liquid organic compounds

Project 2. Second life batteries in carbon footprint decreasing

“Cooperation is a key for success in any area”
