Pitching Session

Mike Richardson

Optec-Berlin-Brandenburg (OpTecBB) e.V. is the competence network for optical technologies and microsystems engineering in the states of Berlin and Brandenburg with approx. 130 institutional members.

Members of OpTecBB

OpTecBB

- OpTecBB hosts the annual Photonics Days in Berlin October 9-12 2023
- OpTecBB supported creation of Ukraines first Photonics Cluster in May 2023
- OpTecBB won the proposal for Quantum Systems in Defense to be held in Warsaw March 13-14 2024 with PPTF, Ukraine and Alpha RLH

OpTecBB is looking for...

- Clusters or similar organizations
- Defense and Dual use technology transfr
- Research Organizations
- Semiconductor Manufacturers
- Quantum Technologies

What OpTecBB offers

- Access to all verticals in Photonics/Optics
- Access to specific, world leading industrial capability focused on photonic and quantum systems
- Access to Strong global partners,
- Access to Funding
- Access to Ukraine

**“OptecBB is the world
largest regional photonics
cluster”**

THANK YOU
