

臺灣機械工業同業公會

Taiwan Association of Machinery Industry

TAMI

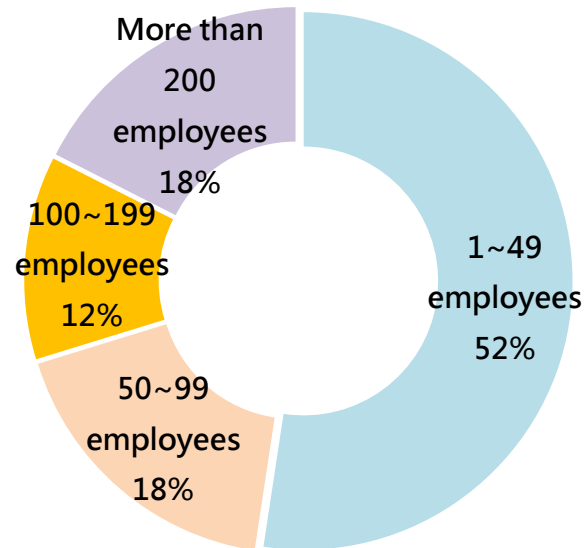

- Introduction -

- TAMI (Taiwan Association of Machinery Industry) was founded in October **1945, the oldest industry association in Taiwan ; 3,000 company members** .
- There are **29 Professional Committees** in TAMI, such as Machine Tools, Plastics&Rubber Machinery, Textile Machinery and Parts&Components Committee etc. .
- TAMI is to continuously upgrading and strengthen the competitiveness of Taiwan manufacturing industry by facilitating more **technical discussion and sales cooperation** between members, promoting quality standards such as CE, and creating better interactions within industry **through hosting technology forums and seminars.**

Distribution of Machinery Industry in Taiwan

- Taiwan's machinery industry is the **third industry in Taiwan to exceed one trillion yuan**, and it has the world's highest density of precision machinery industry clusters in Taichung.
- Most of manufacturers is dominated by **small and medium-sized enterprises** (less than 200 employees), accounting for about **82%**

North Area(Taipei、Taoyuan) About 4,100 companies(31%)

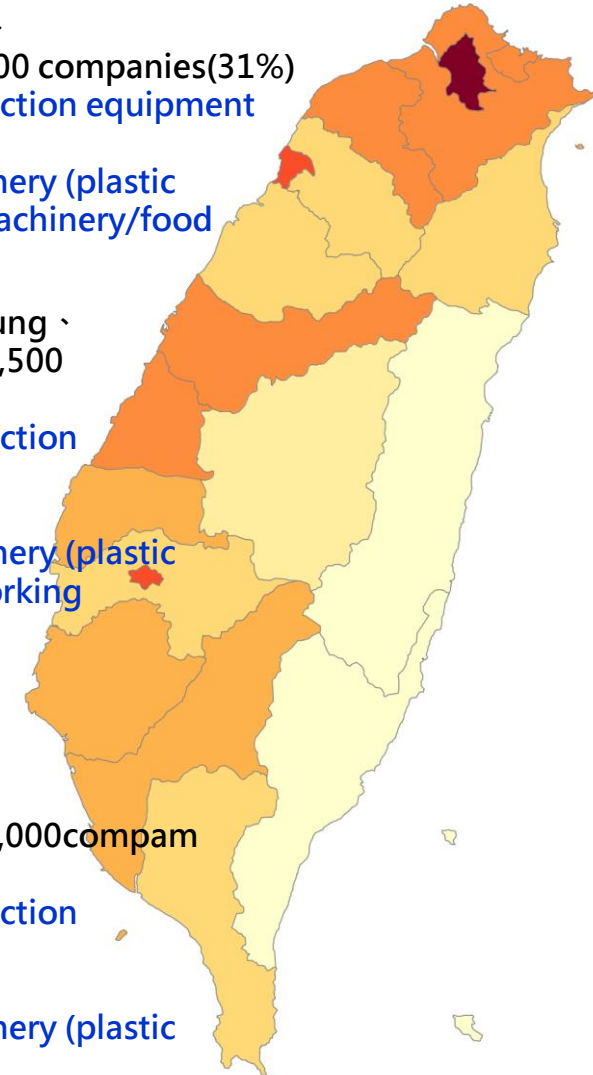

- High-tech production equipment
- machine tools
- Industrial machinery (plastic rubber/textile machinery/food machinery)

Middle Area(Taichung、Changhua) About 5,500 companies(42%)

- High-tech production equipment
- machine tools
- Industrial machinery (plastic rubber/wood working machinery)
- Industrial robot

South Area(Tainan、Kaohsiung) About 2,000 companies(16%)

- High-tech production equipment
- machine tools
- Industrial machinery (plastic rubber/fastener manufacturing equipment)

The main sub-industry of Taiwan's machinery industry

Taiwan is the **7th largest** machine tools producer and the **4th largest** exporter in the world

Taiwan is **top three** demand markets for semiconductor production

Taiwan is the **2nd largest** exporter of Cartesian coordinates robots in the world

Taiwan is the
5th largest exporter of **plastic machinery**
6th largest exporter of **textile machinery**
4th largest exporter of **woodworking machinery**
2nd largest exporter of **shoemaking machinery** in the world.
