

# Groundbreaking for further projects

We need to develop sustainable bioeconomic structures

Further projects based on DanuBioValNet's activities **will:**

-  **strengthen and secure dissemination of the bio-based industry;**
-  **offer the chance to develop new business models on a regional, state-wide, country-wide and pan-European level**

**PDF Reducer Demo**

Project co-funded by European Union funds (ERDF, IPA)

## Initiate multilateral project partnerships

More than 1000 actors reached so far

## Networking

- i. Submitted project proposal (H2020 / BBI)
- ii. Delegation trip Phytopharma (under development)

## Cluster

- iii. Formation of the CzechHemp Cluster ([czechemp.cz/english/](http://czechemp.cz/english/))

## SME

- iv. phy2 TRACE founded ([phy2trace.com/](http://phy2trace.com/))

## Join our future events to give boost to bioeconomy

### **WP4: Policy Learning Arenas**

Austria, Romania, Croatia, Slovakia, Slovenia  
November-December 2018

### **WP5: Danube Cluster Policy Maker Forum**

11th December, Romania

### **WP6: Pilot Actions Workshops - March 2019**

- Phytopharma - Sofia, Bulgaria
- Bio-based Packaging - Viena, Austria
- Eco-Construction - Linz, Austria

**PDF Reducer Demo**

Project co-funded by European Union funds (ERDF, IPA)

# Conclusion

**We need a new concept and  
responsible actions for a desirable  
future!**

**Bioeconomy is not a threat to industry  
but a chance!**

**PDF Reducer Demo**

Project co-funded by European Union funds (ERDF, IPA)
