

# Sustainable Industrial Innovation Through Renewable Energies: An Insight Into Wallonia's Strategy.

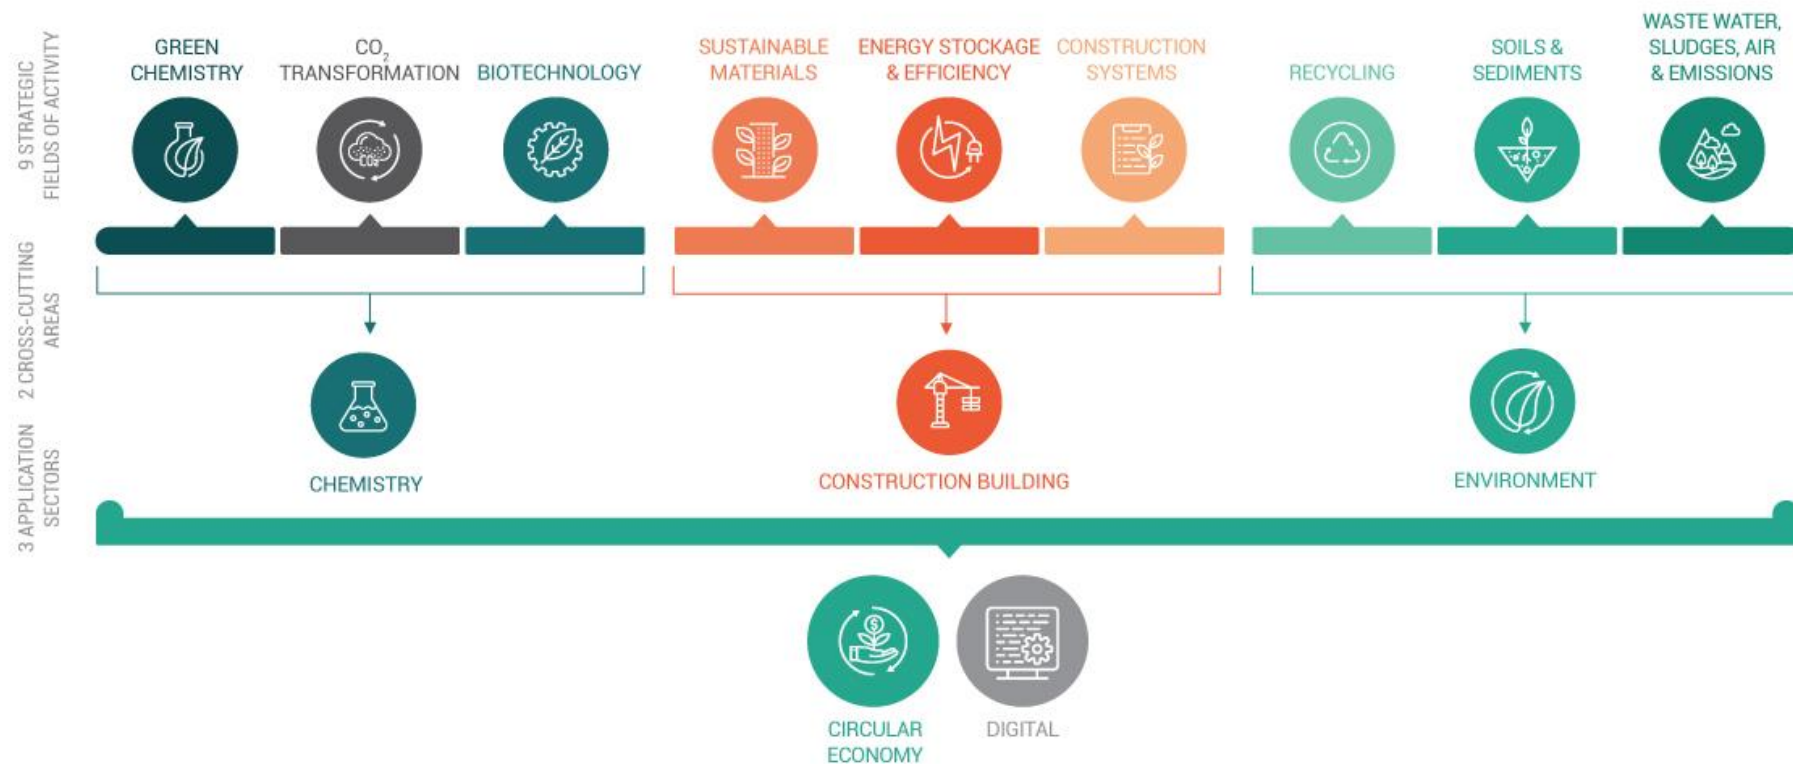

# GREENWIN TODAY

## GREENWIN

### Innovation Cluster for Sustainable Materials and Chemical Engineering

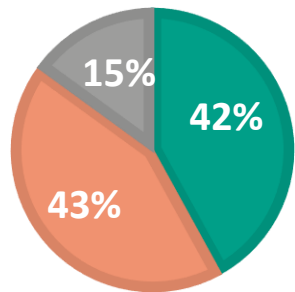

# GREENWIN TODAY

## Key facts & figures

**2019** : members  $\subset$  73% companies  $\equiv$  15 000 FTE = 20+% FTE in 10 years (40+% fte for SMEs)

- Chemistry
- Construction
- Environment

**INTL reach enterprises/academics**

- > GCWB Conference 300 people/year
- > Creation of CO<sub>2</sub> Value Europe
- > € 15 Billions exports (36% Walloon share)
- 85 000 direct jobs & 160 000+ indirect ones

**195 members**

- > 29 LE
- > 114 SMEs
- > 16 CRA-W
- > 5 Universities

Portfolio of **56 projects** = €140+ M

800 contacts worldwide

5 European projects (2 as coordinator)

**Average/year:**  
6 projects certified/year  
€ 16 M budget/year for projets

**SCOT** (CO<sub>2</sub> utilisation for companies emitting large amounts of CO<sub>2</sub> and innovative SMEs)

**CO<sub>2</sub> Value Europe** : creation of an industrial AISBL (international non profit organisation)

**LCIP** (LCA for SMEs)

**AGRICHEMWHEY** (industrial pilot LE + SME in bio-based economy)

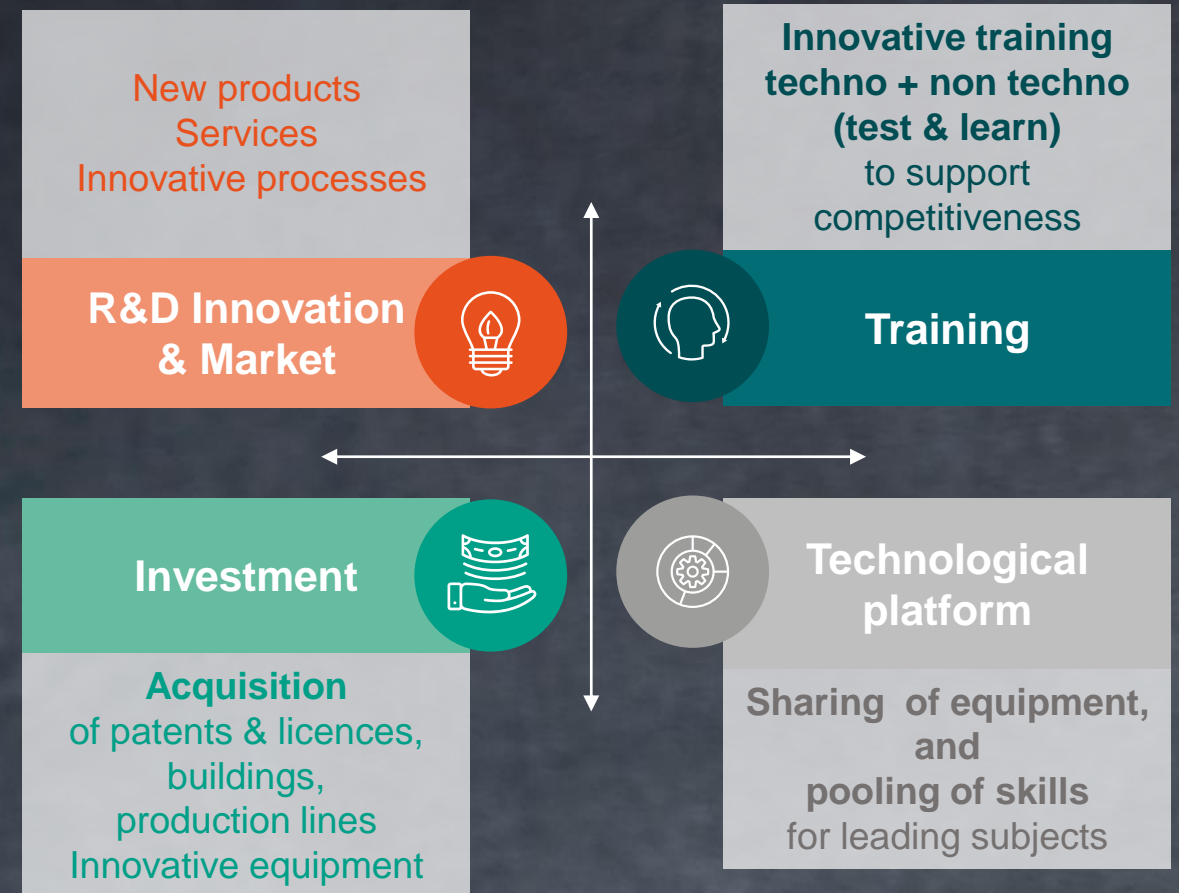

**FERTIMANURE** (pilot project in bio-based farming & circular economy)

# GREENWIN TODAY

Giving support to 4 types of projects at Walloon, Belgian or European levels

These different types of projects can coexist within the same cluster project.

## OUR 2 WALLOON SPEAKERS OF THE DAY

- **Cluster TWEED** (Technology of Wallonia Energy, Environment and sustainable Development) aims to play a major role in the business development of «sustainable energy» sectors. Its first mission is to pave the way for the setting up of high quality and industrial-size projects in the fields of production and exploitation of sustainable energy. The Walloon Renewable Energy Strategy will be presented by M. **Cédric Büll**, Tweed Managing Director.
- The second presentation will be made by M. **Axel Soyez**, Commercial Director of **Desimone Company** who will present a concrete project set up with the support of GreenWin in the thematic of the day. The name of the project is ACCUTHERM

# THANK YOU!

**Gilles COLSON**
