

Solidarity with our colleagues from Ukraine

The members of the European Automotive Cluster Network wish to express their solidarity with the colleagues and their families from the Ukrainian Automotive and Mobility Cluster and ecosystem, with those who stayed, and with those who had to flee their hometowns and even their beloved country, to escape war and death.

In the present dramatic circumstances, we give them our full support.

The values of our network are based on peaceful cooperation and sharing, and we call from the bottom of our hearts for the return of peace and freedom in Ukraine.
