

6th International Cooperative Trade Fair of Tools and Processing Industry

Bydgoszcz

16th-18th April 2024, Bydgoszcz, Poland

Two complementary events in the same time
at the Polish Tools Valley

Plastics Recycling Exhibition

The INNOFORM® trade fair is the only one event in Poland addressed to the molding industry, organized in the heart of the Polish Tool Valley – Bydgoszcz. Visited annually by the owners, management and technical staff, using technologies of tooling and processing of plastics in plants production.

THEMATIC SCOPE:

- tools for plastics processing
- cutting tools
- technologies, equipment and materials for reverse engineering
- technologies, machine tools and equipment for removal processing, joining and coating of metals
- technologies, machinery and equipment for surface treatment and finishing
- plastics processing
- materials, raw materials
- lubricants, coolants and their ingredients
- control and measurement instrumentation
- technological equipment
- modelling, visualisation and simulation of the injection molding process
- specialised CAD/CAM/CAE software
- equipment for industrial plants
- automation and robotisation of manufacturing
- logistics
- services

At the same time with the INNOFORM®, the first trade fair in Poland dedicated to the recycling of polymer plastics will be held. The development of the molding industry is directly related to the processing of plastics and their recycling.

THEMATIC SCOPE:

- machinery, equipment and peripherals producers for plastic recycling
- plastics recycling technologies (mechanical and chemical)
- waste collection and management
- ecodesign entities
- producers of regranulates – recyclers of plastics
- suppliers of regranulates (commercial companies)
- R&D units/R&D centers dealing with the subject of plastics recycling
- advisors and consultants in the area of plastics recycling and Circular Economy
- logistics
- industry organizations
- recovery organizations
- monitoring systems
- specialized laboratories

Organizers:

Bydgoszcz Industrial Cluster Tool Valley
6 Bydgoskich Przemysłowców Street
85-862 Bydgoszcz, Poland
ph. +48 52 515 30 73
