

PIMAP+ met Chinese Ministry of Science and Technology to discuss cooperation

In the frame of PIMAP+ project, ALPHA-RLH has virtually met with the MOST, the Chinese Ministry of Science and Technology on the 28th of January 2021!

The meeting with the representatives of the Department of International Cooperation has laid the foundations for potential great collaboration with Chinese partners, both to establish R&D projects and to sign business agreements. Together, ALPHA-RLH and their counterparts discussed the possibility to organise a joint event in the coming months promoting innovation projects between Chinese and European small and medium enterprises. This first meeting was successful and encourage PIMAP+ partners, ALPHA-RLH, Triple Steelix, Business Joensuu, Moravian Aerospace Cluster, Produtech and AFIL, to pursue their efforts in supporting SMEs internationalisation.

The consortium aims to foster the establishment of business agreements and innovation projects in the fields of photonics, advanced manufacturing, metalworking and aerospace industry. The partners will organise one business mission to support their SMEs in the four targeted countries: The United-States, Canada, Japan and China.

Stay tuned!

PIMAP+项目和中国科技部共同探讨合作

2021年1月28日，ALPHA-RLH就PIMAP+项目主题与中国科技部进行了线上会议交流。

ALPHA-RLH与科技部国际合作司的此次会晤为双方建立研发项目及签署商业协议奠定了潜在的合作基础。双方共同探讨了在未来几个月内联合举办推动中欧中小型企业创新项目的可能性。该次会议的成功举行为PIMAP+项目的合作伙伴（ALPHA-RLH，Triple Steelix，Business Joensuu，Moravian Aerospace Cluster，Produtech，AFIL）继续扶持中小企业国际化提供了鼓励。

PIMAP+联盟旨在推动光子学，先进制造，金属加工和航空航天领域内的公司签署商业协议和建立创新项目。该联盟将会组织一个商务代表团，拟在四个目标国家（美国，加拿大，日本和中国）为他们的中小企业提供支持。

敬请关注我们的后续发展！
